

WILD&THEMOON

TAKE A BREAK. GO PLANT-BASED.

Some crunch. Some color. A moment for you.

01

A little color.

Leaves, grains, a few vegetables:
plant-based food you can see.

02

Time to taste.

A table, a bowl, a different texture in
every bite.

03

Then, back to the city.

A simple pause in the middle of your day.
